Dear Dr. Kulkarni,

The American Heart Association realizes the importance of recognizing individuals that help further our mission of building healthier lives, free of cardiovascular disease and stroke. The Physician of the Year Award is given to a physician who has made a positive impact on their patient's lives and is dedicated to fighting heart disease and stroke.

We are pleased to inform you that you have been selected to receive the American Heart Association's 2023 Physician of the Year Award. The American Heart Association is so appreciative of your support over the years and your personal dedication to furthering our mission of preventing and eradicating heart disease and stroke.

The award will be presented to you at our annual gala, the New Jersey Heart Ball, on Wednesday, June 7 at Brooklake County Club in Florham Park, NJ. We are honored to recognize your work and thank you for your continued support of the American Heart Association.

Sincerely,

Katie Hobday
Development Director
American Heart Association
